**Midweight headset**

- ♦ Rugged spring steel headband

**Eclipse \$49.50**

**Lightweight model**

- ♦ Adjusts to left or right ear

**Lightweight Headsets include Inline PTT Button**

# Business Transceiver

## MC1000 2-Way

**The Competitor MC 1000** is a professional two-way radio designed for office, factory, or personal communications. All Competitor MC 1000 transceivers operate in a "Simplex" mode. When one person in a group transmits the message is received by everyone. An unlimited number of radios can operate on the same frequency.

**Eartec headsets** allow businesses to customize the MC 1000 transceiver so as to optimize their performance and to meet their needs. These headsets enhance productivity while providing a measure of coordination and safety to production teams on the move.

**MC 1000 . . . \$125**
